

TapCast

TapCast app

- **Mirror your laptop or mobile device**
- **Cast documents, photos and videos**
- **Control your projector**
- **Android, iOS, Windows, MacOS and ChromeOS compatible**

Wirelessly display and share content on a big screen without any additional hardware using the TapCast app. You can easily mirror your Android, iOS, Windows, MacOS and ChromeOS device at the touch of a button. Or wirelessly cast documents, images or videos stored on your mobile device or laptop. The app also acts as a wireless mouse and keyboard allowing you to you to control your projector. And as an added bonus it also allows you to side load APKs to your projector.*

*Compatible with select Optoma home projectors. See below for a list of compatible models.
