

DC350

5X optical zoom / 8X digital zoom

- **5MP Camera**
- **Native XGA & Supports 1280 x 720**
- **5X optical zoom / 8X digital zoom**
- **Power on via USB or Power Supply**

Optoma's DC350 creates an inspirational space where even the smallest of objects can be enlarged onto a huge 100inch screen for a more in-depth learning experience.

The DC350 features a 5-megapixel sensor, 40x zoom and 30 frames-per-second video (at full resolution) for stunning image quality and performance allowing you to see detail often not visible to the human eye.

Teaching staff, presenters and students are now able to share even the smallest objects or detailed experiments with a larger audience using Optoma's visualisers. Suitable for classrooms, lecture theatres, boardrooms and auditoriums, it's a great way to give students an interactive learning experience.

Specifications

EAN: 5060059049622
